Agenda

RAPS Requirements

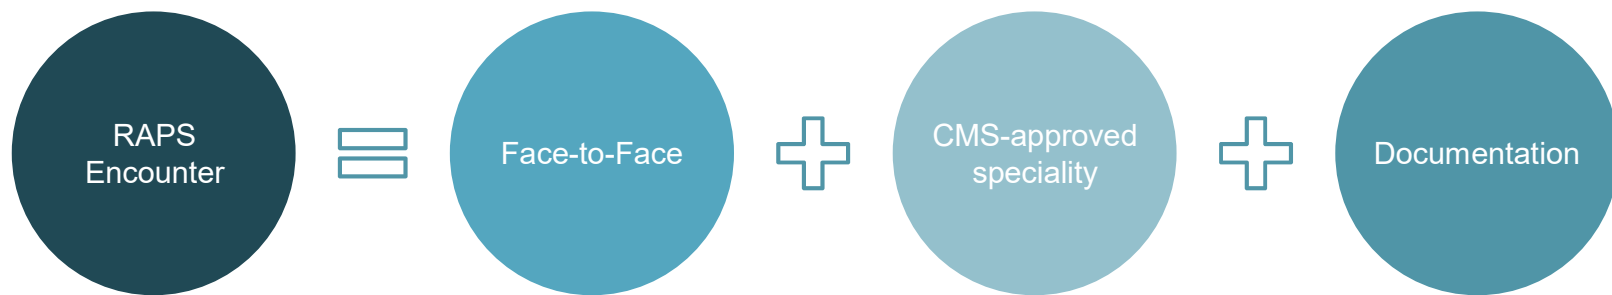

Internal Encounter Reporting

External Encounter Reporting

RAPS File Submission

TruChart In-App Reports

Conclusion

A RAPS encounter is defined as a face-to-face encounter performed by a CMS-approved individual that results in the documentation of conditions and diseases for a participant.

RAPS Requirements

- Encounters that occurred before enrollment should not be included
- Conditions that were previously treated in the same reporting year will not be counted twice
- Diagnoses that are probable, suspected, questionable, rule out, or working diagnoses should not be submitted
- ICD-10 codes must be submitted to the highest level of specificity
For example:

- A02.2 – *Incomplete*
- A02.20 – *Complete*

RAPS Reports for Internal Encounters

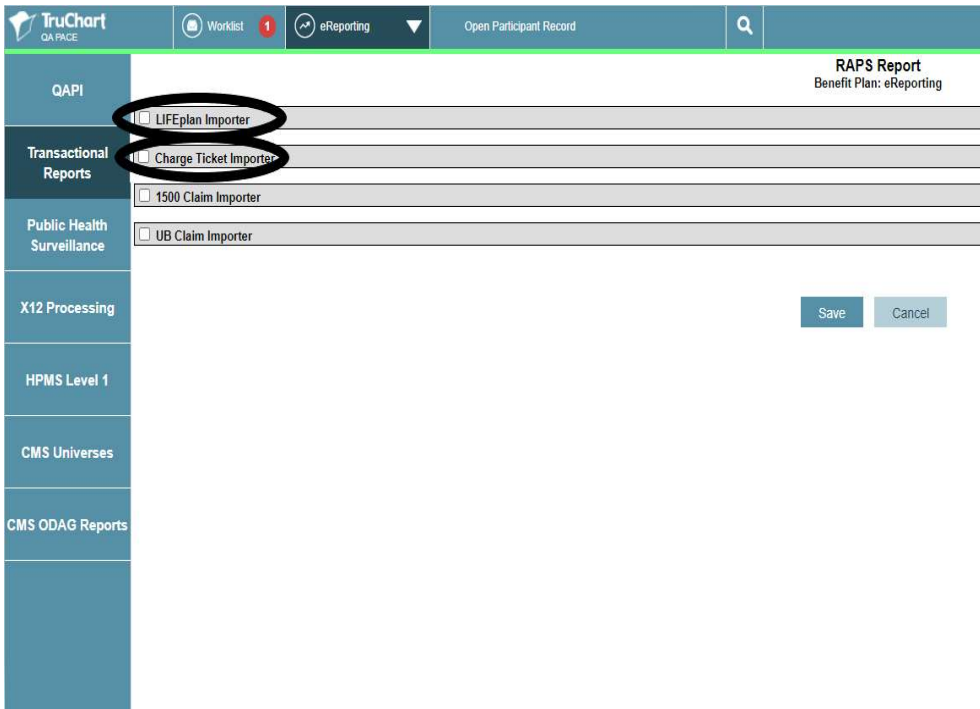

The screenshot displays the TruChart eReporting interface. At the top, the 'eReporting' menu is circled in red. Below it, the 'Available Reports' section is shown with a sidebar on the left. The sidebar categories are QAPI, Transactional Reports (circled in red), Public Health Surveillance, X12 Processing, and HPMS Level 1. The 'Transactional Reports' category is expanded, showing a list of reports: RAPS Report, EDS Report, TennCare Report, APD Report, NCPDP Pharmacy Report, and DHCS CA Report. A red arrow points from the 'RAPS Report' button to the right. On the right side of the interface, the 'RAPS Report' configuration page is visible, showing 'Benefit Plan: eReporting' and 'Date Search: Last 30 days'. Below this, there are buttons for 'Refresh List' and 'New Report' (circled in red). A table header is also visible with columns: Generated Date, Generated By, Importers, Lines, Failure Messages, Submitted Date, Submitted By, and Benefit Plan. Below the table header, there are buttons for 'New Report', 'Import Report Data From File', and 'Return to Report Selection'.

eReporting → Transactional Reports → RAPS Report → New Report

RAPS Reports for Internal Encounters

Face-to-face encounters

- Two ways data is gathered
 1. LIFEplan Management
 2. Charge Tickets

The screenshot shows the TruChart interface for generating RAPS Reports. The top navigation bar includes the TruChart logo, a Worklist icon with a red notification badge, an eReporting dropdown menu, and an 'Open Participant Record' button. The main content area is titled 'RAPS Report' with a subtitle 'Benefit Plan: eReporting'. A vertical sidebar on the left lists various report categories: QAPI, Transactional Reports, Public Health Surveillance, X12 Processing, HPMS Level 1, CMS Universes, and CMS ODAG Reports. The 'Transactional Reports' section is expanded, showing a list of importers with checkboxes: LIFEplan Importer, Charge Ticket Importer, 1500 Claim Importer, and UB Claim Importer. The 'LIFEplan Importer' and 'Charge Ticket Importer' options are circled in black. At the bottom right of the form, there are 'Save' and 'Cancel' buttons.

Save Cancel

External Encounters

- For those who utilize Claims Adjudication Module
- If a third-party administration (TPA) client, TPA will provide details on submission process
- Generate the report and review

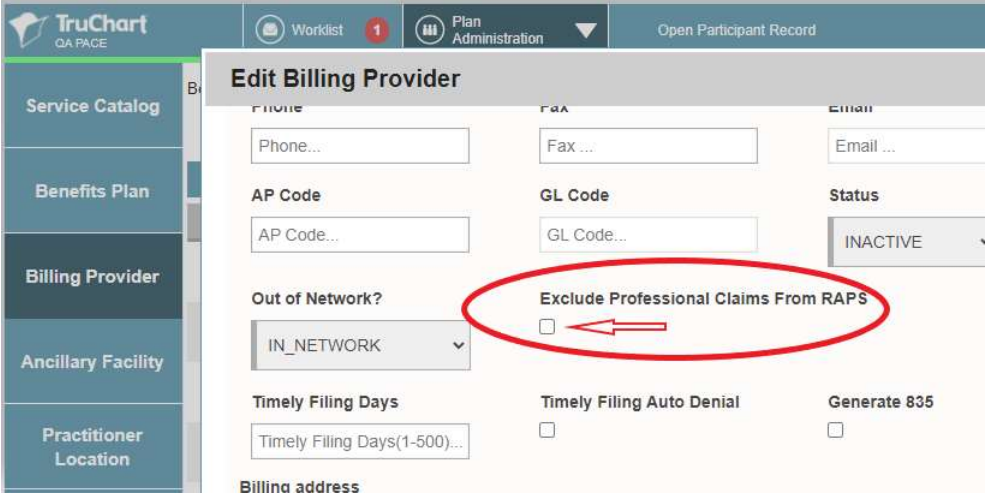

The screenshot shows the TruChart QA PACE interface. The top navigation bar includes 'TruChart QA PACE', 'Worklist' with a notification icon, and 'eReporting'. The main content area is divided into sections: QAPI, Transactional Reports, Public Health Surveillance, and X12 Processing. Under 'Transactional Reports', there are checkboxes for 'LIFEplan Importer', 'Charge Ticket Importer', '1500 Claim Importer', and 'UB Claim Importer'. The '1500 Claim Importer' and 'UB Claim Importer' options are circled in red. Below this, there is a configuration section for the '1500 Claim Importer' with a checked checkbox, 'End Date' set to 09/01/2022, and 'Start Date' set to 08/01/2021. There are 'Save' and 'Cancel' buttons. Below that is the 'RAPS Report' section, showing 'Benefit Plan: TestPlan' and 'Date Search: Last 30 days'. There are 'Refresh List' and 'New Report' buttons. At the bottom, a table displays the report results:

Generated Date	Generated By	Importers	Lines	Failure Messages
Apr 16, 2018 3:30:07 PM	TruChart Admin	UB Claim Importer [03/01/2017] - [04/01/2018]	4	15
Apr 16, 2018 3:30:02 PM	TruChart Admin	1500 Claim Importer [03/01/2017] - [04/01/2018]	9	18

How to exclude non-CMS approved specialty billing providers/specialties

- Plan Administration
- Billing Provider
- Select Provider
- Select “Exclude Professional Claims From RAPS”

The screenshot shows the 'Edit Billing Provider' form in the TruChart system. The form includes fields for Phone, Fax, Email, AP Code, GL Code, Status (set to INACTIVE), Out of Network? (set to IN_NETWORK), Timely Filing Days, Timely Filing Auto Denial, and Generate 835. A red circle highlights the 'Exclude Professional Claims From RAPS' checkbox, which is currently unchecked. A red arrow points to the checkbox.

RAPS File Submission

- Any failures will display
- To view non-failure messages, click Download All Messages
- Once errors are addressed, click Download and Mark as Submitted
 - Open .txt file
 - Send file to CMS/TPA
